# County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works  
Pete Newell, Resident Engineer

VIA: Dave Flynn, Deputy Director of Public Works

DATE: 10/22/2013

SUBJECT: Submittal of a resolution authorizing execution of notice of completion and acceptance for the Vineyard Drive Bike Lanes from Bethel Road to Ashton Way in Templeton. District 1.

## **RECOMMENDATION**

It is our recommendation that your Honorable Board adopt the attached resolution which authorizes the execution and acceptance of a Notice of Completion for the Construction of the Vineyard Drive Bike Lanes from Bethel Road to Ashton Way in Templeton (No. 300437).

## **DISCUSSION**

### **Project Background Information**

The Project widened a 0.6 mile portion of Vineyard Drive between Bethel Road and Ashton Way in order to accommodate Class II bike lanes. The project has completed the gap in bike lanes on Vineyard Drive resulting in two miles of continuous Class II bike lanes from Vineyard Elementary School to the Templeton High School.

The construction included widening the paved roadway, removal of several roadside culverts, and modification to existing roadside ditches. The work provides a wider shoulder along the North side of Vineyard Drive to accommodate most pedestrian uses.

The project was awarded by your Board on Thursday, January 17, 2013, to the lowest responsible bidder, G. Sosa Construction, Inc.

## **OTHER AGENCY INVOLVEMENT/IMPACT**

Construction funding was authorized for this project through the State Bicycle Transportation Account (BTA) which is administered by Caltrans. Various utility companies provided appropriate input and utility relocations were coordinated. The project has been a priority for the County Bicycle Advisory Committee and the Templeton Area Advisory Group.

## **FINANCIAL CONSIDERATIONS**

This project is a multi-year project budgeted in the Roads Budget at \$678,000. The total project costs are estimated at \$470,050. Funding for the project will come from State Bicycle Transportation Account (BTA) Grant and Road Funds.

A final report of actual project costs will be filed with the clerk after any and all claims, disputes and adjustments have been resolved. We do not anticipate the final project cost to differ materially from the current estimated total. Five percent (5%) of total contractor payments are held by the County and released only after meeting the legal holding period after the Notice of Completion is filed.

Please see Exhibit A for an estimated cost breakdown of the project

## **RESULTS**

By taking the recommended action, your Board will cause the legal Notice of Completion for this construction contract to be recorded, and start the period of time during which liens can be filed by subcontractors against the prime contractor.
